CONVERSATION

SA ~~11.03.2017 21:00~~

Post show conversation with Orion Maxted, Francis Heylighen (director of The Global Brain Institute) and the audience.

Orion Maxted (theatre-maker at the intersection of language, systems theory and computation) Francis Heylighen, director of the Global Brain Institute, Vrije Universiteit Brussels, (focussed on the distributed intelligence emerging from the internet) - and YOU - for an experimental cybernetic conversation. Please bring your internet enabled smart phones with you to this interactive conversation.

Idea: Orion Maxted

Computer coding and interface design: Nathan Fain
